Dear Gwenda

Kettleburgh Manor Account

Thank you for your letter dated 3 September 2007 enquiring about the position of the above Fund.

The responsibility for the Fund is jointly held by the Parochial Church Council and the Parish Council, although the actual care for the Fund has always been in the gift of the incumbent at the time. It is not a Trust, it is merely a bank account under two signatories, the money being gifted to the parish by the Lord/Lady of the Manor, via the church, some time ago. No new money has gone into the account for several years and I see little prospect of this changing.

Balance of the accounts as at 3 August 2007 are:

Business Premium Account	No. 40533491	£665.59
Community Account (Current Account)	No. 40533483	£ 17.37

It has always been my policy, and that of other signatories, to use the money sparingly and in cases of real need to help the whole parish; the Fund is a generous gift to the parish and it must be used with discretion and wisdom and not seen as a deep well of money.

I hope this answers your question. Come back to me if you still need further information.

With good wishes.

Yours sincerely

Reverend P G Vellacott
Previously Priest-in-Charge
