

### **Chris Banham MCIM DipM**

Chris was the National Account Manager for Eastern Electricity (now Powergen), dealing with National customers such as Whitbread, McDonalds, and Trust House Forte. During this time Eastern Electricity developed remote metering and a computerised Billing system that facilitated onsite reconciliation. Chris became IT literate in this project and has been deeply involved in IT ever since.

He was a Management and Vocational Assessor with Suffolk County Council after taking early retirement from Eastern Electricity. He kept his IT skills current by tutoring at Otley College for three years.

He now tutors several IT courses at Suffolk College in Ipswich and the Ipswich Institute, together with numerous courses and 'one-to-one' training for Suffolk Tutors Group.

Chris majors in the Internet, e-mail and Genealogy as well as Digital Photography.

His hobbies include Golf, foreign travel and he is an active member of Ipswich East Rotary Club.
