Westleton Village Hall - Update on Building Projects

To all people who live in Westleton and all people who use Westleton Village Hall
From Westleton Village Hall Committee
14/10/2009

Heating and Insulation

We have now placed an order for the replacement of the windows in the hall with the SlimLite double glazed units. At this stage we do not know when the work will be done but it is likely to be in about 2 or 3 months time.

We realize that we caused you all considerable inconvenience (!) when the lavatories were rebuilt earlier this year and we are sorry to be the cause of yet more woe. We will plan the installation programme to avoid all major events over the winter period and to avoid as many of the regular bookings as we can to ensure you are disturbed as little as possible.

We have now submitted eight bids to various funding agencies to see if we can get the money we need to replace the heaters. Wish us luck!

We will keep you informed of progress.
