Following Cllr Kilshaw's report that he had identified a gate for the playing field the councillors resolved to set a budget of £150 for the project which would be undertaken by a local contractor under Cllr Kilshaw's supervision *Open Spaces Act 1906 s 10*. Cllr Kilshaw, with Babergh District Council's support, is attempting to address the issue of dog fouling in Heath Road. 10/046 Stackwood Road exit onto A1071

The Councillors reviewed correspondence between David Yorke-Edwards and Suffolk County Council Highways on the safety issues in relation to vehicles exiting Stackwood Road onto the A1071 which had been undertaken in 2009 following concerns of a resident in a neighbouring parish. The councillors resolved that the Clerk write to SCC Highways and request a copy of the risk assessment undertaken during the review.

10/047 Planning

- a. The councillors reviewed Planning Application **B/10/00135 Hollingside, Stackwood Road, Hadleigh Heath** -erection of one-an-a-half storey detached dwelling and detached double garage (following demolition of existing detached bungalow and resolved to object to the application. The councillors expressed their concerns that:
 - BDC's Local Plan policies are contravened by this proposal
 - the proposal appears to be an over-development of the site
 - the scale of the proposed dwelling and garage, especially in height
 - the applicant has not consulted with the closest neighbour on the development as, in the councillors opinion, this may have overcome some of the neighbour's issues with the proposal.

POLSTEAD PARISH COUNCIL

Minutes of the meeting held on Thursday 18th March 2010 in Polstead Village Hall

- b. The councillors reviewed Planning Application **B/10/00189 Field south east of Cherry View, Heath Road** - erection of grain and machinery store together with construction of hard standing and vehicular access to Heath Road and resolved to object strongly to the application and expressed the following concerns:
- The proposed field is not part of an adjoining farm and is in the middle of a residential area
 - The proposal is for storage of grain that is not grown locally and will be transported to and from the location with no extra employment being generated locally
 - The access road to the site is poor in terms of its ability to accommodate large vehicles
 - The development will increase the water drainage issues that already exists along the access road
 - Noise pollution will be generated from the site by both the extra vehicular movements and the driers in the grain store
 - The site will produce light pollution in the neighbourhood
 - The field is an important open space in the area
 - The proposals are likely to have an adverse impact on protected wildlife and habitats, particularly bat species, within the adjoining Millfield wood, an ancient woodland and designated County Wildlife Site.
- c. The councillors reviewed Planning Application **B/10/00223 The Cottage, Mill Street** - pollard 1 no. Ash tree and resolved they had no objections as long as the issues of birds nesting and bats are investigated before work commenced.
- d. The councillors reviewed Planning Application **B/09/01186 Land east of Woodview, Stackwood Road** - erection of building to provide 6 (no.) stables, tack room, clipping/grooming room, hay store and horse box parking. Use of part of the land for ménage and construction of vehicular access and associated hard standings for vehicle parking/maneuvering. The councillors resolved to object to the application and expressed the following concerns:
- Too large a development in an important open space within area
 - The proposal is in close proximity to Wood View
 - The land appeared too small to accommodate the number of horses once development of the site and vehicular access was taken into account
 - The proposal appeared to be ribbon development which is considered inappropriate
 - The increase of traffic in area
- e. A further planning application had been received by the council after the agenda was posted. The councillors reviewed Planning Application **B/10/00233 The Kennels, Rockalls Road** - erection of replacement dwelling (amended design to that approved under planning permission B/07/01056/FUL) and resolved that they had no objections to the application.
