

# Get Home Safely

Enjoy your night out, but remember to plan ahead...

- Where am I going?
- How will I get there?
- How will I get home?
- Does someone I trust know of my plans?
- Am I prepared in case there is a change of plan?

## Safety Tips

- Book a cab from a local company
- Don't pick up a cab on the street
- Ask the driver for the name they have been sent to collect (do not volunteer your name)
- If possible share a cab with a friend
- Sit in the back seat if you are alone
