## Westleton Village Hall - Update on Building Projects

To all people who live in Westleton and all people who use Westleton Village Hall  
From Westleton Village Hall Committee  
03/04/2009

### **Wheel-chair Accessible Lavatory**

Work to install a wheel-chair accessible lavatory and to renovate the existing lavatories will start on Monday 20 April. We expect the work to be completed by Friday 5 June. Obviously there will be some disruption to hall users during this period. We apologise for this. This work is necessary as we do not to meet our responsibilities to many of those users and potential users of the hall who have mobility problems. We hope you will bear with us during this time.

***We are very grateful to the Westleton Women's Institute, Westleton Barrel Fair, National Lottery (Awards for All) and the Suffolk Environmental Trust (for funding via Viridor from the Landfill Tax Credit Scheme) for their generous financial support of this project.***

### **Heating and Insulation**

We have installed the insulation on the water pipes above the ceiling panels. This explains the slight damage to some of the panels in the main hall. We are getting quotes to deal with this problem and expect that the cost will be met by our insurers.

We are arranging to install the insulation on top of the ceiling panels over the weekend of Friday 17 April to Sunday 19 April. If any of you would like to help with this please join us in the hall at about 9-30 am. Thank you.

***We are very grateful to the Garfield Weston Foundation for meeting the cost of this project.***
