# Waveney Mow & Grow Referral Form

**Suffolk**  
Community Enterprise

### Who does Mow & Grow help?

When gardens and lawns become overgrown, most of us find it a nuisance. People who are physically unable to do their gardens find it distressing, particularly those who are usually housebound. The aim of **Mow & Grow** is to provide police checked volunteers to maintain the gardens of people who cannot manage unaided.

The **Mow & Grow** gardening service enables elderly and disabled people to go on living independently in the community. We reduce the risk of becoming a victim of crime and reduce the risk of accidents such as slips and trips in the garden. Whilst helping to improve the appearance of the local community.

**Mow & Grow** only use the best equipment of the highest standard. All our team leaders are fully qualified in the use of machinery. We will not require to use any electricity as we use petrol driven machines. We are fully insured and first aid

### What happens next?

**You don't have to do anything.....** a team leader from **Mow & Grow** will contact you by your preferred method.

When we contact you **we will quote you your password** you have chosen for your security. Keep a record of it on the reverse of this voucher.

Our gardening coordinator will then ask you a few simple questions to see if you qualify for our service.

The next stage will be for them to do a risk assessment of your garden and to find out exactly what you would like **Mow & Grow** to do for you.

When you are 100% happy we will then arrange a time for our team to come and care for your garden.

All our staff are police checked and are led by professionally qualified experts. All team members wear staff uniform and carry identification. For your peace of mind.
